14 February 2025

Dear Parent/Carer,

As part of STEM week 2025, we would like to invite you to join your child in class on Friday 7th March to take part in an exciting Science session. The session will take place from 2:00-3:00pm in your child's classroom. If you have more than 1 child in school, you can spend half the time in one classroom and then swap to the other classroom.

If you wish to attend, please book your place on ParentPay. On the day, please arrive at reception no earlier than 1:50pm and your child's teacher will send them to the reception area to collect you.

We look forward to seeing you.

If you have any questions, please do not hesitate to contact me via the school email.

Yours sincerely,

Miss Arksey

Year 3 Class Teacher
Science Subject Leader
